Dear Augusto,

I'd like to take this opportunity to thank you for the great job you did installing the Goslyn Grease Recovery Device here at the Penticton Lakeside Resort.

From the initial consultation through to the install, you and your team showed your pride in providing a quality product on time, on budget, and with a commitment to customer service that far exceeded our expectations.

The Goslyn Grease Recovery Device is working flawlessly. It is simple to monitor and simple to maintain. And our drains have never worked better!

We would not hesitate to recommend Goslyn Environmental Systems Ltd. as a solution provider for grease trap replacement.

Sincerely,
